
Jeff Bagwell, Houston Astros
1994 National League MVP

"Some people think chewing tobacco or dipping snuff is part of baseball.

It's not.

It's a terrible and sometimes deadly addiction.

I know.

I stopped."

If you know of a person using spit tobacco, tell them the facts! Ask them to see their dentist or doctor for help in quitting. If you'd like more information about oral cancer or quitting advice, call 1-800-4-CANCER.
